SCOPE-APSE/2016/
October 18, 2016

Dear *Chief, Executive,*

SCOPE has set up the Academy of Public Sector Enterprises (**APSE**) with the objective of providing a platform for manpower development at a centralized point to groom competent, effective and efficient managers capable of taking the Indian Public Sector to greater heights. The long term vision is to create PSE cadre of its own for better succession planning.

The unique feature of the APSE Executive Development Programs is the special focus on familiarizing the trainees with the genesis of Public Sector, its evolving role, policy aspects and governance structure, leadership aspects, behavioural aspects etc for their holistic development, which topics the other in house programs may not necessarily cover. Exposure to these subjects at the early stages of the professional career in the Public Sector would prove to be very beneficial in the long run

APSE has already conducted successfully two executive development programs for newly inducted executives as well as those with few years work experience. Quite a few member PSEs have already nominated their executives for these two programs.

The third Executive Development Program for young executives is scheduled to start from **Monday 28th November 2016** and conclude on **Saturday 3rd December 2016**.
